

لصناعة الكيماويات والمنظفات الصناعية

## TECHNICAL DATA SHEET

### PRODUCT Information :

**Chemical Name** : Caustic Soda Flakes 99%  
**CAS #** : 1310-73-2  
**UN** : 1823  
**Formula** : C<sub>3</sub>H<sub>7</sub>O \*  
**Chemical Formula** : NaOH

### SPECIFICATION

Item	SPECIFICATION
APPEARANCE	white or almost white hygroscopic flakes tending to stick together.
Chemical formula	NaOH
Molecular mass	40,01
Solubility in water	good, 1090 g/l at the temperature 200C

### APPLICATION:

,Various applications in any branches of the chemical  
,petrochemical, cellulose and paper, cosmetic, pharmaceutical  
textile, surfactant industry and in many others.

### PACKAGING :

Polyethylene bags (PE), contents of the packaging 25 kg net

### STORAGE:

Store in cool and dry place.
